SSS Grameen Services (S3GS) is a socio-rural backoffice (specialized by industry) towards rural employment

retaining verticals

- IT/OT,
- Data Analytics/ Data Science (AI/ML),
- Cyber Security
- Finance/Operations

Interact via

- Services
- Product Innovation
- Training
- Manpower
- Rural Operations delivery centre
- Partnership (Local & Global)

We want to negotiate only on price not on quality of offering or tech. We focus on success of (value to) a client business so all stakeholders

We aim

- to serve Startups/MSMEs via platter of services (by industry specialization)
- to use global knowledge to solve local problems
- to create/use local talent for global world (of opensource and proprietary)
- to create new products or to solve smart challenges while working with neutral industry forums.
- to provide rural employment powered by skilling our kids with global expertise to make them them global ready.
- serve social sectors (probono) and commercial sectors while on internship using global tech tools/partnerships
- contribute to industry or scientific or research forums (OWASP, or India cyber/IT forums or FOSS)

We work with

- young minds
 - mid aged practitioners/freelancers
 - senior experts/scientists
- to represent all age groups much like India's joint family system.

We targets all sectors of a society

- private sectors (*profit/value based services or products*)
- government sector (*profit/impact based services/products*)
- social/NGO/last mile charity (*free/cost-minus/cost based services/products*)
